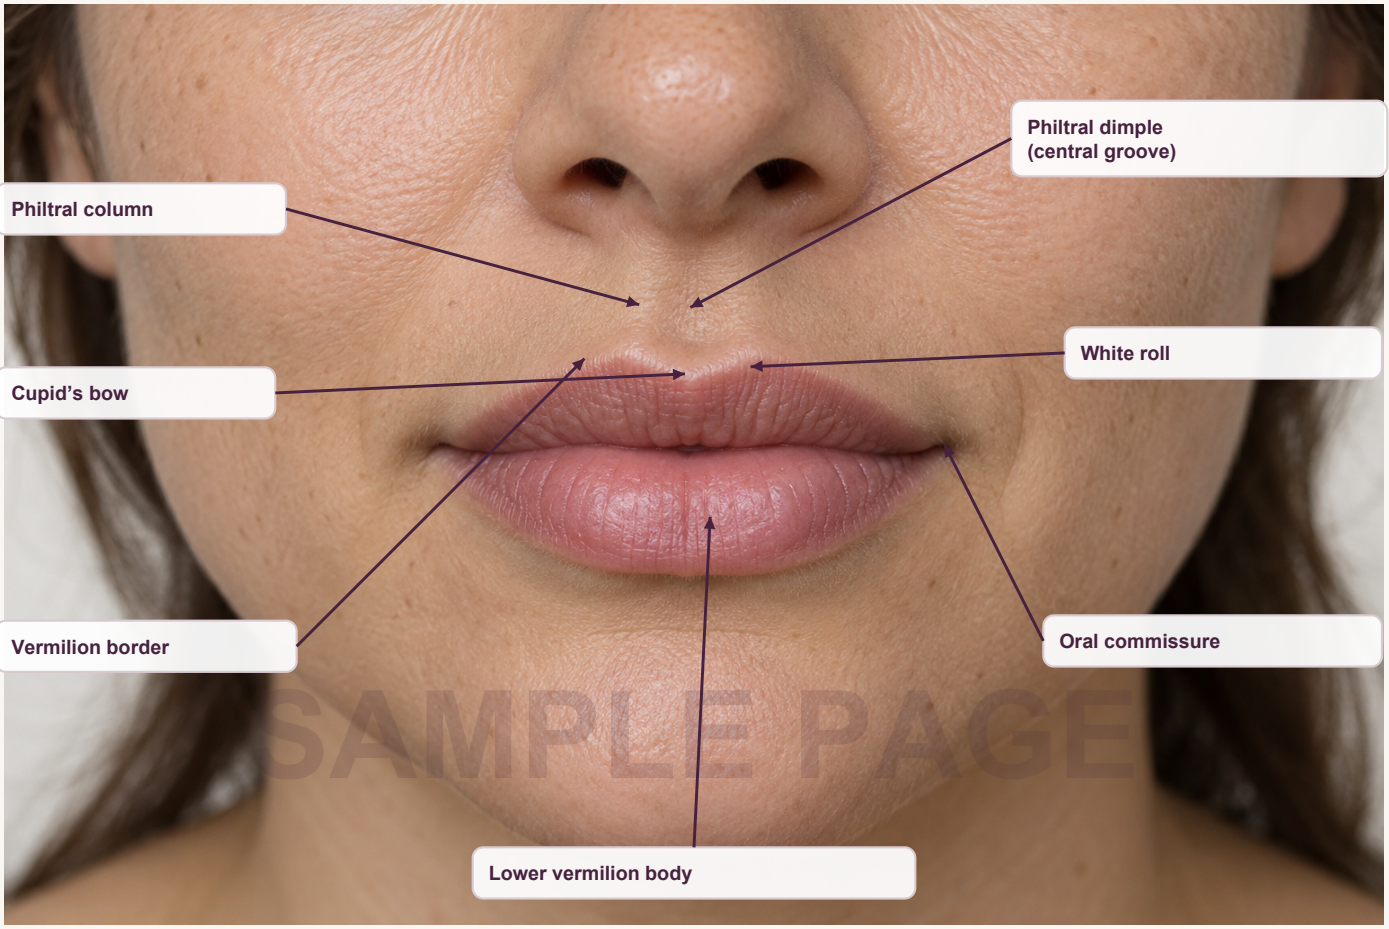
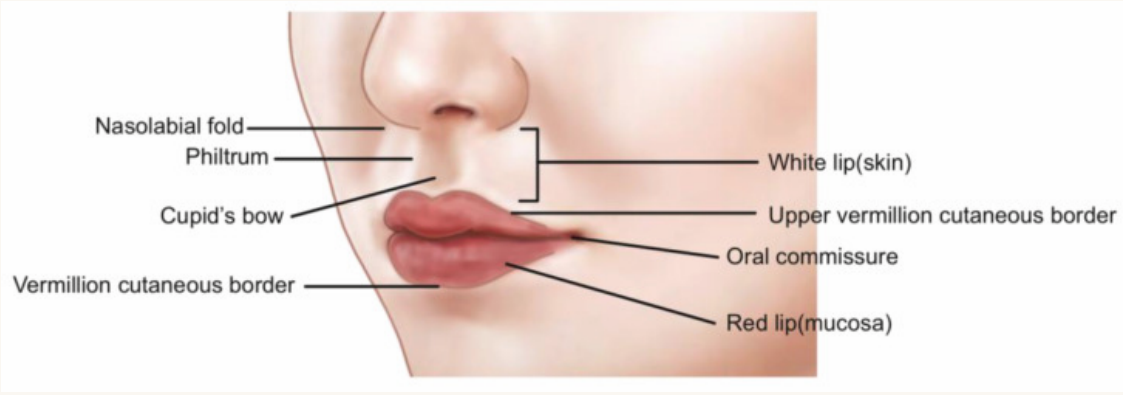
Name what you see before shaping it

Surface terminology on a photographic teaching image.



AI-generated fictional adult. PDF labels added as educational annotations. The vermilion border is the skin/red-lip junction; the white roll is the pale ridge immediately adjacent to it.



Hong et al., Life 2025;15:315, Figure 1, CC BY 4.0. Original labeled anatomy illustration. "Philtrum" names the upper-lip region; the philtral columns border its central dimple.
